PRIVACY ACT STATEMENT

AUTHORITY: Title 10, USC Section 301; Title 5, USC Section 2951; E.O. 9397 Social Security Number (SSN).
PRINCIPAL PURPOSE: To document potential criminal activity involving the U.S. Army, and to allow Army officials to maintain discipline, law and order through investigation of complaints and incidents.
ROUTINE USES: Information provided may be further disclosed to federal, state, local, and foreign government law enforcement agencies, prosecutors, courts, child protective services, victims, witnesses, the Department of Veterans Affairs, and the Office of Personnel Management.
DISCLOSURE: Disclosure of your SSN and other information is voluntary.

1. LOCATION: Camp Lejeune; 2. DATE: 20210910; 3. TIME: 1300; 4. FILE NUMBER; 5. LAST NAME, FIRST NAME, MIDDLE NAME: (b)(3)130b, (b)(6); 6. SSN; 7. GRADE/STATUS: (b)(6); 8. ORGANIZATION OR ADDRESS: 24 Marine Expeditionary Unit

9. I, (b)(3)130b, (b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH: The Force Protection Team consisting of (b)(3)130b, (b)(6) and I stood at the Abby Gate drainage canal everyday pulling people into our lines once all other gates shut down. We would be tasked to find and save a specific person or groups of people and we would have them meet us at Abby Gate, cross the drainage canal, and pull them into our lines to be evacuated.

That morning, the crowd was trampling each other in front of the barrier that 2/1 held at Abby Gate. The 2/1 marines were hand to hand fighting the crowd to push them off the barrier and stop civilians from getting trampled. My team and I were searching for one Blue Passport holder, (b)(6) whose wife was at the PAX terminal. I stood on the right-hand side of the canal on top of the wall looking for the individual, but we ultimately did not see him. In the chaotic crowd, I picked out a 1-2-year-old girl in a red dress with blue eyes and her mother desperate to escape being trampled or crushed. I had a conversation with two HN personnel, a man and woman, sitting next to the barrier who never made it into the lines. Both helped me keep track of the girl and mother. Multiple times the little girl and mother disappeared into the crowd. I got off the wall and stood behind the 2/1 Marines fighting, trying to see if I could get the girl and mother out. I took my OC spray out of my flak and gave it to a 2/1 Marine to give to their Captain, who was fighting in the crowd. A Marine pulled the pin and detonated a flash-bang right in front of me on accident, blowing off pieces of his hand. I looked down to check to see if I was okay and if I could still hear. The 2/1 Marines carried the injured Marine on their back to safety. I couldn't leave the little girl in the red dress and the mother, so I went back to the barrier to see if they were still there. They were still in the crowd and were able to make their way to the 2/1 jersey barrier. The Marines pulled the mother and girl over and handed the girl to me, who I carried in my arms. The mother followed behind (b)(3)130b, (b)(6) panicking. The mother was desperately trying to go back into the crowd to get her husband "in a pink shirt." The mother and girl left the area due to the trampling crowd and we transported them to the PAX terminal in our vehicle with three other individuals.

TAKEN AT

Camp Lejeune

DATED 20210910

9. STATEMENT (Continued)

Once we arrived at the PAX terminal, (b)(3)130b, (b)(6) was granted permission by his command to go with the Force Protection team to help us. (b)(3)130b, (b)(6) got a white truck to drive while (b)(3)130b, (b)(6) and I continued to drive our unarmored black SUV. We briefly stopped by the JOC to brief the CE and (b)(3)130b, (b)(6) on the situation at Abby Gate. After that, both vehicles headed towards West Gate to pick up our next tasked individuals, (b)(6) and family of 8. When we contacted her, she was located on the south side of the airfield at a gate controlled by the Taliban. She and her family could not get through. I devised a plan to have her go back to her vehicle and drive her and her family to the Northwest side of HKIA to Panjsher Pump Station. She told me she was wearing a blue coat and had a purple umbrella so I could easily identify her in the crowd. The gate was controlled by NDS and a myriad of men dressed in plain clothes. (b)(3)130b, (b)(6) stayed with the vehicles while (b)(3)130b, (b)(6) and I went forward to the West Gate entry point once we arrived.

I spotted the purple umbrella in the crowd from a tower. I had (b)(3)130b, (b)(6) stay back from the open entry point as I walked forward. I called (b)(6) and told her to bring her and her family as far forward as she could. I was met by a bearded man in a black T-shirt who told me there was an IED/SVEST threat currently. I told him I knew, and we had to get these people out. I pointed to them in the crowd and showed him the purple umbrella. He directed me to go forward with NDS and told me to stay on the right-hand side with as much cover as I could find. We walked forward and I identified (b)(6) in the crowd to NDS. NDS crossed the street and grabbed (b)(6) and her family for me. After searching the personnel and their bags, we loaded the family into our two vehicles. We drove back to the PAX terminal and dropped them off.

We loaded the vehicles again and pushed south to Abby Gate looking for the same blue passport holder from that morning and another former Afghan interpreter with a bright yellow shirt. We made it past tower 11 and towards tower 8 when we saw 14 individuals who breached the walls being held in place by British forces. We stopped to provide support and to ensure they didn't need transportation for the apprehended to North Gate by the International Military Police. The C-Wire was open on top of the wall and there was a gap in the wall where the apprehended broke in. I made the decision to send (b)(3)130b, (b)(6) forward to Abby Gate to begin searching for the blue passport holder and interpreter while (b)(3)130b, (b)(6) and I reported the apprehended to the JOC staff. I also reported it to (b)(3)130b, (b)(6). Once we finished reporting the apprehended, we headed toward Abby Gate.

As we drove up to Abby Gate, I could see civilians starting to run towards our vehicle and 2/1 Marines were up and preparing to run towards the gunfire/explosion site. After brief moments trying to move our vehicle, we placed it as far forward at Abby Gate as we could with another vehicle behind us. Both were placed next to the hardened (b)(1)1.4a screening area. I told (b)(3)130b, (b)(6) to stay with the vehicle and not leave that position. As a squad of 2/1 Marines were getting ready to run forward, I saw another Marine in Woodlands who appeared to be MRF and asked him if he was going out there. He said he wasn't "not going" and we both ran forward with 2/1. I knew (b)(3)130b, (b)(6) who I had sent earlier, were out there when the suicide vest went off. We ran up the right side behind the jersey barriers. 2/1 Marines were facing and securing to the south and southeast. I looked around for (b)(3)130b, (b)(6) but could not find her initially. I crossed over a C-Wire gap where we parked our vehicle everyday next to the triage point. I spoke with (b)(3)130b, (b)(6) who told me Sgt Gee got hit and he had not seen (b)(3)130b, (b)(6). There were bodies of both civilians and Marines on the ground. I ran towards the outer perimeter past the British gate to the hole in the fence where we had pulled many families through before. I briefly saw (b)(3)130b, (b)(6) and we exchanged words as we passed each other after his team had taken shrapnel from the blast. I ran into a Marine with a wounded girl coming through the hole in the fence. I put her on my back in the fireman's carry. I ran her from the hole in the fence back through the British gate to the triage point. I set her down behind cover of a vehicle. A mother and her two daughters were in shock standing next to where I sat down the girl. I ran up to them and turned them around, directing them towards the inner Abby Gate controlled by 2/1. I saw (b)(3)130b, (b)(6) at this point. (b)(3)130b, (b)(6) got in the white truck and (b)(6) was helping triage wounded Marines at the triage point.

(b)(6)

Page 2 of 4

STATEMENT OF

(b)(3)130b, (b)(6)

TAKEN AT

Camp Lejeune

DATED 20210910

9. STATEMENT (Continued)

(b)(3)130b, (b)(6) and I backed the white truck up to where Marines and civilians were laying on the ground. We all looked up at the tower directly to the southern perimeter and saw a man in the tower. We oriented our weapons towards the tower and (b)(3)130b, (b)(6) and I directed a couple 2/1 Marines to orient on the tower as we started to load the wounded. We did not see the man in the tower again.

We loaded one Marine (b)(3)130b, (b)(6) who was covered in blood, in the bed of the truck with tourniquets on his legs and arms. We loaded another HN girl with a wounded arm into the bed of the truck as well. We loaded a small HN female child in the back seat of the truck. (b)(3)130b, (b)(6) rode in the back seat with the little girl, sternum rubbing her the entire way to keep her awake as she was slipping in and out of consciousness. I rode in the bed of the truck with the wounded Marine and girl. We drove as fast as possible screaming for Marines and individuals to get out of the way so we could make it to Role 2 as fast as possible. All three were in severe pain and (b)(3)130b, (b)(6) and I did what we could to comfort/talk to them the entire way and keep them awake. We made it to the hospital and unloaded the little girl in the backseat first, then the girl in the bed of the truck, then the Marine. I briefed the (b)(3)130b, (b)(6) that more were coming to Role 2. We then drove back to Abby Gate as quickly as possible, stopping next to east gate briefly since there was a roadblock by a British vehicle/MAXPROs.

We went around it on the opposite side of the road and immediately back out to the triage point. At this point, all the Marines had been loaded and the British Gate was shut. We turned the vehicle around and entered the inner Abby Gate perimeter. I disembarked the white truck and spoke to (b)(3)130b, (b)(6) and told him Abby Gate was secured by 2/1 and we needed to get any 24 MEU CE/JTF-CR Marines out and gain accountability and push them back to the JOC. (b)(3)130b, (b)(6) took the white truck and began loading another Marine (potentially Espinoza) (b)(6) and multiple other civilians, driving them to Role 2 to drop off.

(b)(3)130b, (b)(6) was at the interior triage point inside the perimeter of Abby Gate with our SUV. She was helping keep everyone calm and was determining which civilians/military needed to be transported to Role 2 immediately. She was directing what needed to be done to the civilians around her. I approached (b)(3)130b, (b)(6) and she directed that a mother, little boy, and a man with badges on his face who had been hit in the head and face needed to be transported. We moved them to our still parked vehicle and loaded them in. We drove directly to Role 2 and unloaded them all.

(b)(3)130b, (b)(6) vehicle was breaking down at this point and they pushed back to the JOC after unloading all the wounded they had.

(b)(3)130b, (b)(6) then went to medical to receive medical attention for their injuries during the attack.

I firmly believe that if it wasn't for the actions of (b)(3)130b, (b)(6) on the day of the suicide bombing at HKIA, more individuals would have passed away due to the wounds they received from the attack. Their quick thinking and actions that day saved multiple lives.

9. I, (b)(3)130b, (b)(6) USMC, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:
On the afternoon of 26 AUG 2021, with my PsyOps Day Team already out supporting the various gates, I finished the work I had to do in the JOC and caught a ride out to Abbey Gate. I knew that we had a speaker system emplaced there, I knew that was the most worrisome area for the day in terms of crowd size, and I knew the day team would come back through eventually after they finished up at other gates. I got to Abbey gate, ascertained that our (b)(1)1.4a, (b)(1)1.4c, (b)(1)1.4g the last gate before the final stretch of abbey gate between HKIA and Barron Hotel. I got up on the Hesco with several Marines of 2/1 and kept the speaker playing the message describing what paperwork you had to have to get in and to otherwise go home. The message was having no visible effect on the crowd, which was getting rowdier as the day got hotter. I had been there a little over an hour when my day team showed up, having been providing assistance at other gates.
My day team was (b)(3)130b, (b)(6) SSG Ryan Knauss, and (b)(3)130b, (b)(6) Together we began engaging directly with the crowd, still attempting to both mollify them and reduce overall numbers in the Abbey Gate crowd. Again, we achieved little effect as everyone we managed to convince to go away was replaced by someone else. We also passed suspicious people, especially with bags, up the 2/1 chain as we spotted them in the crowd, because we knew about the SVest or PBIED threat. In three hours we had spotted over ten possibles, AKA military age males doing more than the norm to hide their features, with bags or super bulky clothing, moving and acting suspiciously, often with the crowd giving them a wide berth as though they knew or suspected something; essentially possible attackers. However, even with the best spotting, once someone got into the main press of the crowd (closer to the final wadi bridge, the close packed barricade on our side of the wadi, or the end of the wadi itself, from which Marines were pulling out folks with appropriate paperwork) there was simply no way to keep track of them. The crowd was too dense, too rowdy, and all clambering to get in.
With the 2/1 Marines already well versed in operating the NGLS if they needed it, we prepared to depart Abbey Gate and think about other ways to reduce crowd size. Before we left however, I went to check in with the (b)(3)130b, (b)(6) (spelling?) of 2/1. While talking to him his (b)(6) came over (a Major whose name I cannot recall) and asked if we could provide direct, powerful, loudspeaker support at the barrier on our side of the wadi, the barrier just below the tower. The crowd there was crushing women and children up against the barricade, crushing them against it hard enough to hurt at a minimum and possibly kill people. He wanted us to employ (b)(1)1.4a, (b)(1)1.4c, (b)(1)1.4g to the front of the vehicle, to implore them to stop as well as potentially be so loud as to be painful enough to make them stop that way. So I went back to the team, told them we had work to do, and we

STATEMENT OF (b)(3)130b, (b)(6) TAKEN AT Hamid Karzai Int. Airport, Kabul, Afghanistan DATED 20210727

9. STATEMENT (Continued)

I returned with a local man, whose family had just been let in, I don't know what documentation they possessed for that, but he did speak English, Dari, and Pashto. He was reluctant to leave his family as they progressed down the length of Abbey Gate into HKIA, but I told him "Just give me ten minutes, just help me for ten minutes and I'll bring you back to your family." He agreed and I brought him back to the TPT vehicle we had prepositioned. He started with the basics "Stop pushing," and "Please calm down and give some space" but moved on to "You are hurting women and children!" trying to implore the crowd to stop pushing right there. I had set a timer for ten minutes, and when it dinged, I thanked the man for his assistance. He was actually sad, because he could see what was happening. He said "I tried my best" and I assured him that he had, and that it was okay, and that I would then take him to rejoin his family. I turned to (b)(3)130b, (b)(6) and instructed him to ask the SPMAGTF BLT to provide a contracted interpreter, so he started talking to the (b)(6) to his left. I had the helpful civilian in front of me as we walked in front of the TPT vic, and I got about another two steps in towards the gate, with him still in front of me, when the IED went off behind me and to my right (about 5 o'clock). I never saw that dude, who was just trying to help, again. I have no idea what happened to him, if he is okay, if he made it back to his family. Since I don't know his name I have no way of finding out either.

When the IED went off, I was thrown forward and to my left. I hit the ground hard, and quickly checked myself to see if I was hit. I got off the ground after that, stunned, and moved towards the gate, which was in front of me. I couldn't hear anything. I realized I didn't know where my team was, so I turned around to go back to the vic, and that's when the gunfire started from the front of the gate, really by the Connex boxes by the entrance to the Barron hotel. I saw SSG Knauss, on the ground, but on my side of the TPT vehicle (not where he had been before the blast) and grabbed him and dragged him back past the gate and off to the side, trying to get him out any gunfire that might come straight down the gate from the Barron Hotel front. (b)(3)130b, (b)(6) from the MRF, ran up, he saw me and yelled "Have you seen Gee? Where is Gee?" but I hadn't seen her for a bit so I said I hadn't seen her. (b)(3)130b, (b)(6) ran by me, towards the hole in the fence where Sgt Gee had been working. SSG Knauss was unconscious, but breathing. I stripped his plate carrier off and checked him for obvious external injuries but found none. His tongue was swelling. He started to choke on his tongue, so I instructed another Marine who was helping to fish his tongue out, which he did. SSG Knauss was still not conscious. I was yelling for a Corpsman, who did show up, and looked again for obvious external injuries and again found none, but we still couldn't get SSG Knauss to wake up. Meanwhile a pickup truck had pulled up, and we decided to get SSG Knauss onto the opickup truck to get him to triage and the role 2 as fast as we could. We got him on the truck. I cleared his weapon and tucked it beside him. I fished his tongue out. They loaded a second non-ambulatory, an SPMAGTF Marine, on a stretcher, onto the bed of the same truck, which I helped with. I fished Ryan's tongue again. I realized I didn't fit on the truck bed with them both and hopped off.

While I was standing on the truck I saw (b)(3)130b, (b)(6) come around the corner supporting another Marine, whom he laid down at the temporary CCP just inside the gate. (b)(3)130b, (b)(6) was bleeding from his face. He saw me in the truck with Ryan, and hopped into the passenger side. I hopped out, without exchanging any words with him, and went to go look for (b)(3)130b, (b)(6). The truck left, with SSG Knauss in the bed and (b)(3)130b, (b)(6) in the passenger seat. I went back to the TPT vehicle to look for (b)(3)130b, (b)(6) and couldn't find him there, but realized the truck would be in the way if the British did manage to get their convoy out the Barron gate and towards Abbey Gate and HKIA, so I hopped into the driver seat, put it in neutral, and disengaged the E brake. I yelled for some Marines to help me, and together we pushed it back against the wall of the gate area, out of the potential path of the British convoy. I threw the e-brake to stop it from rolling. At this point I saw (b)(3)130b, (b)(6) and spoke with him for a second. He was looking for Command Element Marines, (b)(3)130b, (b)(6) in particular. He picked up a little civilian girl who was wounded, put her on his back, and ran back towards the STP with her. He came back to continue looking for (b)(3)130b, (b)(6) after that. SPMAGTF 2/1 Marines took up defensive positions behind the truck facing forward. I moved past the truck and noticed nobody was looking at a tower, external to HKIA, with clear lines of sight into the killzone and our actions. I got a fireteam, one of many facing forward, to reorient to watch that tower from behind jersey barriers. I watched a civilian try to run into HKIA, carrying a backpack, and nearly get shot in the face. Several Marines were yelling at him to drop his bag, a red backpack. After he dropped it they let him run by and in. He wasn't a threat, he just didn't know what to do. I saw other Marines pulling the wounded through the hole in the fence, including Sgt Gee on a stretcher. The gunfire had stopped.

It was at this point that I realized that 2/1 had the security situation under control, they had flooded forward, towards the gunfire, after the IED and while the SAF exchange was in progress. I was no adding anything to their posture, and would likely get in their way if they had to maneuver. So I turned around, went back to the fenceline, and helped another Marine, partially ambulatory, through to the CCP.

Continued on next page.

INITIALS OF PERSON MAKING STATEMENT

(b)(6)

STATEMENT OF (b)(3)130b, (b)(6) TAKEN AT Hamid Karzai Int. Airport, Kabul, Afghanistan DATED 20210727

9. STATEMENT (Continued)

I came back to the front, looking for (b)(3)130b, (b)(6) still, and helped a shell-shocked civilian lady get back to the STP that had set up back behind the further back gate. On my way back towards the TPT vic from dropping her off, I heard (b)(3)130b, (b)(6) call out to me, he and (b)(3)130b, (b)(6) were in the back of an ambulance style HMMWV, and since I had been looking for them, I hopped in too. I told the driver to go, unless there were any other ambulatory patients to pickup, because with two Corpsmen (Army medics I think actually) treating them, we didn't have any more room. There weren't any other ambulatory wounded around, so we began to leave. The ambulance driver heard on the radio that the role 2 was full, so she said she'd be taking them to the 1/82nd role 1 on Camp Alvarado, especially since they were Army. I explained they work for the JTF-CR, not 82nd airborne, but that'd be fine so long as they got seen and to step on it. We drove directly across the airfield and went offroading to get to the Camp Alvarado Role 1, where they were seen immediately. I tried to tell them I needed to see SSG Knauss in the Role 2 but they made me sit for a while until a Captain had some other reason to go over to North HKIA, and he drove me back.

Arriving at Building 300, I entered the JOC and reported to various folks inside. I may have been the first Marine who was in the explosion to make it back and report, because I had to explain that there was only one explosion at Abbey Gate, but that it had been a complex IED initiated attack because of the SAF exchange at the front which may have been ISIS-K shooting Taliban and then trying to get inside. I drew up an initial diagram for the blast, and reported the location of my three soldiers (SSG Knauss in the role 2 and (b)(3)130b, (b)(6) and (b)(6) (b)(3)130b, (b)(6) the Camp Alvarado Role 1). I sat down for a while. My night team came in, heard the news, and went to check on everybody. Eventually (b)(3)130b, (b)(6) were moved from the Role 1 to the Role 2, so everyone was at North HKIA. (b)(3)130b, (b)(6) was discharged and came back in a hospital shirt and boxers, but no pants on. I got seen by a corpsman who said I didn't have a concussion. We heard (b)(3)130b, (b)(6) was stable and would be fine. We heard Ryan was Urgent, then Urgent and intubated, then later Urgent Surgical. (b)(3)130b, (b)(6) stayed with him in the Role 2 (b)(3)130b, (b)(6) came back at around 2300 to tell us that Ryan had passed away during the surgery.

End of Statement.
